Yes, yes. This 3D remake is based on the popular game "Commando". In this game, you take control of different soldiers and must kill all the enemies in an area. In this game, you will have the usual weapons you'd expect to use, but in different ways. - A revolver (a very powerful pistol that can kill any normal soldier in one shot) - A Shotgun (that can kill in many different ways). - A Rifle scope that can kill the enemies at a far distance. - A rocket launcher (that can kill the enemy with a single shot) - A Sniper rifle (that can kill from long distance) - A Machine gun (a very powerful machine gun that can kill nearly everyone except for the heavy guys) In this game, you can also pick up the explosives and use them to kill the enemies. What's New in the Commando Sound Byte Assistant?

Arnold Schwarzenegger's best lines ever! Most of the files in this collection were compiled during a contest Arnold Schwarzenegger hosted in 2004, where he and a bunch of his production team were asked to come up with some of his best lines from his movies. The collection covers many subjects such as his love for women, his kids, nature, etc. We tried to cover as many topics as possible, so that you can listen to them in any order. The recordings were extracted from the movies in various conditions: from the theatrical version, a VCD, DVD, or from a TV show. Each recorded file has been sent to wave:quality=best, -, or - (if the voice was in a tape). We have not identified these recordings, nor have we listened to them for their quality. The copyright for the material has been obtained by us for purposes of creating the collection. However, it is your responsibility to determine if you want to use this material for any purpose other than what we specifically allow by using it. If the material is used for any purpose other than what we allow, you will make every effort to contact the copyright owner(s) so that permission can be obtained.
